About Me

I am currently pursuing my bachelor's degree in Computer Science and Engineering from BRAC University in Dhaka. I'm constantly willing to pick up new knowledge and keen to try new things. I want to maximize my current skillset and pick up new ones along the way as well. I see myself as a self-motivated learner with a diversified range of interests. I consider myself to be a team player who can calmly resolve any issue and also adapt to any situation.

Experience

Robotics Club of Brac University - Present

- Organized several events as Senior Executive of Arts and Design department, and volunteered in different national events.

Bracu Kilo Flight - 2021

- Participated in International Planetary Aerial Systems Challenge as a CAD Designer. Used Solidworks Software to design parts and assemble.

Graphic Design

- I work as a freelance poster designer and UI/UX designer.
